C Sharp (programming language) - Simple English Wikipedia ...

Its relative minor is A-sharp minor (or enharmonically B-flat minor) and its parallel minor is C-sharp minor.. Characteristics. A harp tuned to C-sharp major has all its pedals in the bottom position. Because all the strings are then pinched and shortened, this is the least resonant key for the instrument. Although most composers prefer to use the enharmonic equivalent D-flat major, since it ...

Can you mix vb and c# files in the same project for a class library? Is there some setting that makes it possible? I tried and none of the intellisense works quite right, although the background compiler seems to handle it well enough (aside from the fact that I, then, had 2 classes in the same namespace with the same name and it didn't complain).
